Objection taken to amendment as being indefinite—Mr. Speaker decides that the amendment is not in order as being indefinite, and not conveying accurate instructions to Committee (1868-9), 113.

Mr. Speaker decides an amendment out of order, inasmuch as, if carried, the grant of money recommended would be applied to purposes not contemplated by the Resolutions (1871-2), 228.

Mr. Speaker decides that an amendment cannot be entertained, as it involved the necessity of an expenditure of Public Money, without the consent of the Lieutenant-Governor (1871-2), 210; (1879), 181.

Objection taken to a proposed amendment as an amended amendment—Mr. Speaker decided that, inasmuch as the amendment to the amendment confirmed the subject matter of the amendment, the proposed amendment was out of Order, etc. (1885), 98.

Inquiry made of Mr. Speaker whether or not an amendment to the proposed amendment, as carried, precluded any further motion to amend the Resolution. Mr. Speaker decided, That, in respect of further proposed amendments to the main motion as now amended, that, as the House, by the words added to the main motion, had expressed concurrence in the Resolutions, no such further amendment declaring, or by its terms involving, non-concurrence in Resolutions could be proposed (1888), 99.

(2) Bills :

Objection taken on the motion for the second reading of a Bill, that the Bill ought to be referred back to the Committee on Standing Orders to report if the amendments made are in excess of the prayer of the Petition on which the Bill was founded—Mr. Speaker decided, That as it was manifest that the object of the Petitioners was to obtain authority to build a railway, the change of some of the names in the Preamble did not, in his opinion, require that the Bill should be referred back (1867-8), 52.

Objection taken to the consideration of the second section of a Bill in Committee of the Whole, before the first section had been considered ; Chairman rules in favour of the objection ; appeal having been made to Mr. Speaker, he resumes the Chair and decides, that the second section may be first considered ; appeal then made to a full House, and Mr. Speaker's decision reversed (1868-9), 59.

- Question of Order raised, that no amendment could be moved to the third reading of a Bill, except an amendment relating to time ; the House had ordered the Bill to be read a third time to-day, and no question touching the merits could now be raised—Mr. Speaker decided, That it is competent for any Member who desires to place on record any special reasons for not agreeing to the second or third reading of a Bill, to move, as an amendment to the question, a resolution declaratory of some principle adverse to the Bill (1877), 142.
- Objection taken to a Bill as containing conditions in excess of the original notices, and Mr. Speaker asked to refer the Bill back to the Committee on Standing Orders for the purpose of reporting thereon—Mr. Speaker doubted whether he had the power, but even if he had, preferred to follow a case, where, upon a similar objection being taken, it was by direction of the Speaker moved as an amendment, That the Bill be referred back to the Committee on Standing Orders with instructions to report, etc. (1877), 149.

A motion having been made that it is expedient to attract immigration into the Province, by granting certain privileges as to cutting and disposing of timber ; objection is taken that the motion could not be entertained, without the recommendation of the Lieutenant-Governor having been previously obtained—Mr. Speaker decides, That, as timber affords revenue, no question as to the disposal of the same can be entertained, without the recommendation of the Lieutenant-Governor ; appeal having been made against Mr. Speaker's decision, it was sustained (1868-9), 66-7.

[The Attorney-General here informed the House that the Lieutenant-Governor desires that the Committee of Supply do reduce the proposed item, etc.] Mr. Speaker said, That, as inasmuch as the Attorney-General had stated in his place that the responsibility of the communication from His Honour has been assumed by his advisers, the objection could not be entertained (1880), 133.

 - (4) That no money voted by the Legislature for a particular work should be diverted by Order in Council; withdrawn (1874, 1st Sess.), 183.

Negatived, 159.

SUPPLY—Continued.

- (7) That the Ordinary Expenditure of the Province increased from \$1,056,541, in the year 1868, to \$1,173,600 in the year 1871, under the Administration of the late Sandfield Macdonald, being an increase at the rate of less than twelve *per cent.* for the four years; while the like expenditure has increased from \$1,173,600, in the year 1871, to \$2,109,925, in the year 1878, under the Administration of Mr. Blake and the present Administration, being an increase at the rate of more than seventy *per cent.* for the seven years; and that this House regards the increase, etc. (1879), 75. Negatived, 81.
- (8) That the following words be added to the main motion: "And this House, desiring to comply with the expressed wish of His Honour the Lieutenant-Governor in that behalf, directs the Committee of Supply to reduce the proposed item of \$5,571.22 for the payment *re* visit of His Honour to the North-West, etc., by the sum of \$350; which last mentioned sum appears to be more than sufficient to cover any of the said expenses that might be considered personal" (1880), 111.—Point of order raised to the proposed amendment as being irregular, in that it referred to an expressed wish of His Honour, made to the House in a private letter, etc.; and the Attorney-General having then, by command of the Lieutenant-Governor, informed the House that the Lieutenant-Governor desired the Committee to reduce the proposed item of Supply by the sum of \$350, and Mr. Speaker, having been referred to, decided—That, inasmuch as the Attorney-General had stated in his place, that the responsibility of the communication from His Honour had been assumed by his advisers, the objection could not be entertained, 133. Amendment carried, 135.
- (9) That the House does not approve of the Railway Policy of the Government, etc. (1880), 157. Negatived, 157.

- (11) That Provincial legislation which provides for the taking of private property and applying it to public uses, without making full compensation to the owner, is contrary to natural justice, etc. (1882-3), 45. Negatived, 45.
- (12) That the revenues of the Province being to a large extent derived from its Timber, the supply of which is rapidly decreasing, the public interests demand that greater care should be taken for the preservation of it, and that it should be provided by law that no additional territory should be placed under license without the consent of the people's representatives in this House (1882-3), 63. Negatived, 63.
- (13) That this House, while recognizing the necessity of maintaining the other provisions of the existing Liquor License Law, and strictly enforcing them, is of opinion that it is not in the public interest, or calculated to promote the cause of Temperance, to continue the mode of appointing Boards of License Commissioners and License Inspectors now in force, etc. (1882-3), 98. Negatived, 99.

SUPPLY—Continued.

- (14) That the Centralizing Policy of the Government, as exhibited by their usurpation, for partisan purposes, of power before possessed by the Municipalities and the Judiciary, has struck a serious blow at the principles of local self-government under the Municipal system, is calculated to impair the efficiency of the public service, etc. (1882-3), 102. *Negated, 102.*
- (15) That the rapid increase in the annual expenditure of the Province—the annual expenditure having nearly doubled between 1871 and 1882—while the annual revenue, a large part of which is derived from receipts on capital account, has remained nearly stationary, and the rapid dissipation of the formerly available surplus, are, in view of the increasing requirements of the Province, matters which demand the earnest attention, etc. (1882-3), 105. *Negated, 105.*
- (16) That in the promotion of the settlement of the Free Grant Districts every effort should be made to further the interest of the settlers, by a liberal expenditure in the development of the resources of the country, and by returning as far as practicable to the principles of the Free Grant Act of 1868, due regard being had to the interests of the Province at large, in the income derived from the sale of timber, as well as in the preservation of such timber as may be requisite for home consumption (1882-3), 106. *Negated, 107.*
- (17) That justice to large and important portions of the community demands a liberal extension of the Parliamentary Franchise, particularly in the direction of conferring upon the sons of mechanics and others not now entrusted with the Franchise, the same privileges as are now conferred upon farmers' sons (1882-3), 107. *Negated, 108.*
- (18) That the Liberal Party of this Province stands pledged to extend the Franchise; that, if this House should now legislate to extend the Franchise, any law passed for that purpose could not be brought into operation in time for the coming General Election; that any considerable extension of the Franchise is especially a subject upon which the people ought to be consulted, etc. (1882-3), 110. *Carried, 110.*
- (19) That the National Policy, twice endorsed and approved at the Polls, has amply fulfilled its promise by increasing the prosperity, and promoting the closest union of the Provinces, and ought to be recognized as part of the settled policy of the country, etc. (1882-3), 117. *negated, 117.*
- (20) That this House disapproves of the action of the Government giving authorization to two sets of readers (1884), 90. *Negated, 97.*
- (21) That this House is of opinion that it is not in the interest of the Province that any increase in the annual subsidies now payable to the Provinces should be made by the Dominion Parliament; *negated* (1885), 82-3.
- (22) That the system under which the moneys voted by the House for Colonization Road purposes, is expended, is an unsatisfactory and extravagant one; *negated* (1885), 140.
